MISSIONARIES MEET.

State Organization of the Woman's Foreign Missionary Society Now in Session.

The state meeting of the Woman's Foreign Missionary Society of the Congregational church is now in session in this city, the first meeting of the delegates being held in the Congregational church on Tuesday. The meetings will last until this evening and a program has been prepared that will take up nearly the entire time of the two days. A large number of the delegates from different parts of the state arrived in the city on Monday evening, and they are being entertained during their stay here by the members of the society and others in this city.

The work carried on by this organization is an extensive one and is far reaching in its effects, it extending to many of the foreign countries where there is considered a need for this kind of work. Besides the delegates from the different organizations in attendance at the meeting here, there are a number of returned missionaries who are on the program for talks before the different meetings. These talks by the returned missionaries are always very interesting, as their experiences are always out of the ordinary, and very hard to imagine by one who has spent his life in a civilized country where almost every member of the community belongs to some recognized Christian religion. All of the meetings held in this city have been largely attended and show a great amount of interest taken in the work by the members of the organization.

Following is the program as prepared for the two days:

Tuesday Afternoon.
Opening Service. Miss Lucy Walker Business.

Welcome. Mrs. H. S. Youker Response. Mrs. Wm. Crawford Greetings from W. B. M. 1.—Mrs. S. E. Hurlburt.

Catechism.

"What gave you your first interest in Missions?"—Mrs. F. Short, Beloit, Wis.; Mrs. M. Paris, Janesville, Wis.; Mrs. S. E. Clarke, Whitewater, Wis.; Mrs. Frank Short, Beloit, Wis.; Mrs. C. A. Boughton, New London, Wis.; Mrs. Cora Foote, Waupun; Miss Anne Chamberlain, Milwaukee; Miss Millie E. Brandel, Ft. Atkinson; Mrs. H. J. Yapp, Fond du Lac; Mrs. T. G. Grassie, Watertown; Miss Anne B. Sewell, Stoughton; Mrs. Louise B. Esch, Sparta; Mrs. A. L. P. Loomis, Rochester; Mrs. A. H. Aldridge, Roberts; Mrs. Thomas Webb, Pittsfield; Miss Florence E. Brown, Pittsfield; Mrs. H. M. Osgood, Nekoosa; Mrs. I. D. Case, Nekoosa; Mrs. A. Jackson, South Kaukauna; Miss Kate Pinkerton, Mazomanie; Mrs. J. W. Livingston, Plattville; Mrs. C. E. Warner, Windsor; Mrs. E. H. Morrill, Ripon; Miss Edith B. Chandler, Ripon; Mrs. S. T. Kidder, Ripon; Mrs. H. L. Clapp, Ripon; Miss Plieger, Chicago, Ill.; Miss Bement, China; Mrs. A. A. Wright, Madison; Mrs. Stevens, Elkhorn.

It is evident that the large volume of snow north of here has melted in rather a gradual manner, otherwise there might have been some trouble experienced here.

BARBECOCK.
The Barndale Moving Picture Co. gave an entertainment Wednesday and Thursday evening of last week. It was first class in every respect and deserved a better patronage than it received. We bespeak for the company a better turn out if they should see fit to come again.

The Huntley entertainers billed this village for Friday and Saturday nights, but did not get here in time to show Friday evening owing to the wreck on the Arpin branch. They showed Saturday and Sunday evenings drawing good houses both nights. They have been here before and are well liked.

The train which makes the Arpin run was wrecked on the hill near Vesper Friday on its return trip, by the spreading of the rails. No one was hurt, but the passengers were pretty badly shaken up. A wrecking crew was sent to pick up the pieces and get the engine on the track. They got back about 6:45 Saturday morning.

The section foremen are pretty busy these days getting the track in shape on the main line. The frost is going out of the roadbed and it leaves the track in such a condition that it is not pleasant for the passengers. All the crews have been enlarged by the addition of more men.

Miss Emma Dolan spent Saturday and Sunday visiting friends in Grand Rapids.

Miss Grace E. Daniels spent last week at her home in Daly and visiting friends here. She has been attending Oshkosh Normal and came home to spend the spring vacation, returning to her work Monday.

Miss Cella McKeown was called home Sunday by the death of her grandmother. As a consequence the primary room is enjoying another vacation.

Mrs. Elmer Ward and Mrs. Henry Greider will give an Easter dance next Monday night, April 16th. Good music has been engaged and a good time is assured. All are invited to come and make it a grand success.

Last week Yellow River went on a rampage and did some damage to the turnpike approach to the bridge. Men were put to work Saturday to repair the road but it looks now as if the work would have to be done over again. The rain of Sunday and Monday has started the river on another rise which will equal or exceed last week's flood.

The bridge across the Hemlock has not been repaired yet owing to the high water. Men came Monday morning to put in the bridge but are unable to do the work at present.

Miss Fern Miller spent her weekly holiday in Grand Rapids visiting friends, returning Sunday evening.

Ed. Anderson drove to Pittsville Monday afternoon on business.

The election last Tuesday moved off quietly. Every one except the defeated candidates seemed to be satisfied with the results. There was no contest except for the office of sideboard and for assessor. J. Q. Daniels defeated Mr. Kottke for one of the board of supervisors and John McGlynn defeated B. F. Haas for assessor. The clerk's salary was raised from \$100 to \$150.

F. W. Merrill visited friends in Grand Rapids Saturday.

The following are the names of those in attendance from abroad: Mrs. S. E. Hurlburt, Evansville, Ill.; Mrs. M. M. Paris, Janesville, Wis.; Mrs. S. E. Clarke, Whitewater, Wis.; Mrs. Frank Short, Beloit, Wis.; Mrs. C. A. Boughton, New London, Wis.; Mrs. Cora Foote, Waupun; Miss Anne Chamberlain, Milwaukee; Miss Millie E. Brandel, Ft. WHAT WAS THE COST?

That is the question to which all Candidates Must Make a Sworn Statement.

Here is something of interest to all candidates and to the city clerk and district attorney. All candidates for political office both at the primary and at the regular election who do not file accounts of their election expenses this year, will be running a serious risk. Heretofore the law has been more or less of a dead letter, but now provisions were incorporated in the special session of the state legislature, which make it the duty of all city clerks to report all delinquents to the district attorney, and the latter officer if he fails to prosecute, is liable to the same \$25 to \$500 fine which is imposed on the applicants for office who disregard the law. There seems now to be no loophole of escape. The expense accounts must be filed within thirty days after election. They must detail every item in excess of \$5 in money expended or promised either by the candidate or anyone in his behalf.

Heretofore those who have had the enforcement of the law in their hands have regarded this matter as of very little consequence and notwithstanding the fact that very few candidates in this locality have been in the habit of filing a list of their expenses, there have been no prosecutions. There is no good reason for enforcing the law, but if it is on the statute book, those who run for office should be made to comply with it, and then if it is not a good law it can be repealed.

Butterfield Found Guilty.

The trial of R. H. Butterfield of Stevens Point, who was charged with being an accessory to the burglary of the office of John R. McDonald on May 11, 1905, and stealing therefrom an abstract book, was concluded in the circuit court on Friday, when the jury returned a verdict of guilty.

A motion was made for a new trial, which will be argued later. The penalty in the case is from 18 months in the county jail to three years in state prison. Two young men, one by the name of Young, who hails from this city, were also mixed up in the case, they having pled guilty when first arrested, and commenced serving their term some time ago.

Eagles are Soaring.

The Eagles of this city have recently rented the Spafford hall and had it fixed up and will use the same for lodge purposes hereafter. They have also the privilege of subletting the hall for parties, balls or other lodges, and the Fraternal Reserve association now also meets in the hall. The place is very nicely fixed for lodge purposes, there being an abundance of room in the main hall, besides several smaller rooms which can be used for club rooms, etc. The Eagles reorganized some time ago with 25 members and there are now 65, which is indicative of a healthy growth.

MARRIAGE LICENSES.

Vernon Morrison to Mary Hansen, both of Lincoln county.

Max Meuke to Stella Lay, both of the town of Marshfield.

August Gorr of Jefferson county, to Bertha Krohnke of Port Edwards.

Frank Hasselberger of the town of Marshfield, to Annascelia Herel of the town of Auburndale.

Joseph Ratty of Leona, to Anna Panzer of the town of Auburndale.

Albert Schultz to Mary Sever, both of the town of Auburndale.

John Neurer of Wauwatosa, to Katie Rumenopp of the city of Marshfield.

He Sold Thin Milk.

John Jacobson was arrested on Thursday on complaint of Fred Marly, charged with having sold milk that contained less than eight and one half per cent of milk solids. When he appeared before Justice Brown he pleaded guilty to the charge and paid a fine of \$25 and costs. Mr. Marly is dairy and food inspector from Monroe, and had bought some of the milk and tested it. Jacobson claimed that the thin milk was some that he had obtained from a neighbor, his supply being insufficient to supply his customers. The fine was the minimum that can be imposed for an offense of this kind.

Entre Nous Banquet.

The Entre Nous club held their closing meeting for the year and banquet last Tuesday evening at the home of Mrs. B. R. Goggin. The banquet consisted of a four course six o'clock dinner. After dinner the evening was very pleasantly spent in playing Nilo, at which Miss McGrath of Marshfield, carried off first prize and Mrs. Hooten was awarded the consolation prize. The guests departed for home pronouncing Mrs. Goggin a most delightful hostess.

Transparent Envelopes.

Transparent or semi-transparent envelopes are unavailable if addressed to points in Canada, Great Britain or Transvaal, Postmaster General Courtney having notified the postmasters of this country that the departments there will not receive them for transmission because of the difficulty in deciphering the address.

guest at the J. Goltier home for a few
days the past week.
Miss Margaret Grainger, who teach-
es at Cranmoor, spent Sunday with
her parents in this city.
Mrs. Wm. Lake returned on Friday
from a two weeks visit with relatives
at Blair and Whitehall.
Mrs. H. Stocking and son Kenneth
of Minneapolis, are guests at the Wm.
Brown home this week.
Miss Martha Wheeler expects to leave
tomorrow for a two weeks visit at
Tomahawk and Atlanta.
Mrs. Frank Pomerville is visiting
her sister, Mrs. D. J. Hayes of Mil-
waukee for a few days.
Mr. and Mrs. Archie Rozelle and
family of Dexterville, spent Sunday
with relatives in the city.
Miss Hattie Schabel, who teaches
at Hillsboro, is spending this week
with her parents in this city.
Mr. and Mrs. Geo. Gibson of
Minneapolis, visited relatives in this
city several days the past week.
Mrs. H. A. Luther has been very
ill for the past two weeks, but is
somewhat better at this writing.
Katherine Corcoran, who is attend-
ing the Oshkosh Normal, spent last
week with her parents in this city.
Misses Alice Sherman, Katherine
Corcoran, Bell and Ploy Quinn, spent
Tuesday visiting friends at Nekosha.
Mrs. Geo. P. Hambrecht left on
Monday for Tomahawk, where she will
visit her people for about two weeks.
Miss Fern Love, who attends Nor-
mal at Stevens Point, spent her spring
vacation with her parents in this city.
Otto Gotske left on Saturday for
Oregon, where he expects to get work
in one of the large furniture factories.
—We are exclusive agents for the
Walkover shoes for men, best shoes
on earth at \$2.50 and \$4.00. The Mair
Shoe Co.
Mike Vincent of Park Falls, arrived
in the city on Tuesday to spend a few
days attending to some business mat-
ters.
Patrick Mullen returned on Satur-
day to his home in Everett, Wash.,
after a two weeks visit with relatives
in this city.
Mr. and Mrs. Frank Grignon of
Blackberry, Minn., were guests at the
John Grignon home a few days the
past week.
Otto Wadell is moving his family
to Tomahawk this week. Mr. Wadell
has been working up there during the
past winter.

S. E. Holmes left on Tuesday for
Sault Rapids where he will have
charge of installing the electrical ap-
pliances in the new paper mill that
is being built at Wabash. Mr. Holmes
expects to make this city his head-
quarters for some time yet, and will
be back here occasionally.
Fred Beall defeated the St. Louis
wrestler, Geo. Baptiste, at Marshfield
Saturday night, by securing three
straight falls. Fred immediately de-
parted for New York, where he will
wrestle John Piening, April 13th and
on the 17th of April he will wrestle
Peter Bannock at Brockton, Mass.
The stock of shoes belonging to G.
A. Nieman & Son was sold last week
at Max Steinberg, the east side second
hand man. The sale was made on ac-
count of the continued sickness of the
younger Mr. Nieman, who is confined
to his home with a severe attack of
croup, and during the past week
has been very sick.
Nate Secord and Frank Hubbard
have accepted the positions of head
sawyer and filer in the mill of the
Grand Rapids Lumber company. Both
men are from Merrill. Dick Harvey,
who has held the position of filer
with the concern for several years
past, has resigned his position and ex-
pects to leave about the middle of this
month for Phillips, where he has ac-
cepted a position with a lumber com-
pany.
Peter Dietrich, who is putting in
the dam for the new paper mill at
Wabash Rapids, arrived in the city last
week to visit his people here for a few
days. He reports that the work is
progressing nicely at that point, and
that a few months more of work will
put it in good shape. He states that
the ice went out of the Mississippi on
Wednesday last, and that the whole
thing was left a gap in the dam
140 feet wide without any mishap.
He also visited at Stevens Point,
where they are having trouble with
their dam, a section of 150 feet in
length having washed out.
—Have you seen the Strass line
of samples. If not call and see them.
Prices are right. Jas. A. Keyes Agt.
M. O. Potter, who is spending most
of his time on the marsh nowadays,
was in the city the fore part of the
week, having come in to procure a
quantity of lumber for bulkheads and
dams. He states that considerable
damage has been done by the high
water, and that at the present time it
is very hard to do anything on account
of the frost in the ground. The con-
tinued rain of the past few days does
not make the outlook very encourag-
ing for the cranberry men who hoped
to get some of their spring work done.
Through the efforts of the W. C. T.
U. and some other friends of temper-
ance, Hon. Oliver W. Stewart of
Chicago, will speak in the Methodist
church next Friday at 1:15 p. m.
Mr. Stewart ranks among the first
of living orators in our land. He is
speaking to large audiences of all
classes of people almost every day and
never fails to please and help. It is
a great treat for any thoughtful per-
son to hear him. Don't fail to take
advantage of this opportunity. The
lecture will be free, but an offering
will be taken.

Did you ever feel so confounded
blue that you couldn't tell whether
you were a piece of clear sky or the
remains of an indigo bag? When
the crow of a rooster seems to split
your temple of thought and there
would be a liquid feeling chasing
up and down your spinal column?
Did you ever think you'd feel better
if your nose would turn into a hurri-
cane instead of a steady blow? Have
you ever felt that everything you
looked at was a piece of shiny tin and
you wanted to sneeze at it? Have
you ever felt as though your whole
carcass wasn't worth thirty cents for
junk? Lastly did you ever feel as
though you had been run over by an
automobile or as though a symptom of la grippe
and if you get them all at once you
had better send for a doctor or an
undertaker. —Marshfield News.

Ducks Will Not be Molested.
There will be no spring duck shoot-
ing this year as there was last. The
game laws of this state for 1906 state
that there will be no open season
otherwise than from September 1 to
January 1. Therefore the spring duck
shooting will have to be omitted from
the diary of the hunter.
This will not affect the real sports-
man as he claims that while he likes
to hunt as well as anyone, he also
looks for the preservation of the birds.
That they are not in a fit condition
for eating is well known, so otherwise
than the fun derived from the shoot-
ing, there is nothing to the game.

Chicago, Ill., March 30th.—The
Passenger Department of the Chicago
& North Western Railway announces
that the opening of the Wind River
or Shoshone Reservation public lands
in Wyoming has been postponed until
August 15, 1906, by joint resolution of
congress. Railroad construction to
the Reservation border is being pushed
rapidly, and will probably be com-
pleted within a few weeks.

Money Orders.
—There seems to be an impression
among many people that when they
wish to send away a small amount of
money, it is necessary to buy a post
office or express money order, and for
this reason the First National Bank
of this city is giving special attention
to the bank money order business.
Bank money orders are cheaper, more
convenient and better in many ways
than either post office or express
orders.
A post office order for \$100 costs 30
cents, while a bank money order for
the same amount costs only 10 cents,
and smaller orders in proportion.
The bank does not require an applica-
tion when buying an order and does
not limit the number of times the
order can be transferred from one per-
son to another, while the post office
order can be transferred but once.
The bank money order is good at
any bank or business house in the
world, while a post office order is
good only at the office on which drawn
and then it often occurs that the
proper advice has not been received or
there is not enough money in the
office to cash the order and it has to
be held for several days.
If a bank money order is lost a
duplicate can be had without cost or
delay, and without any of the "red
tape" necessary in the case of a post
office or express order. The First
National Bank sells orders for small
amounts as well as large, many of
them being for sums under one dollar.

Andrew Hamilton, the insurance
lobbyist, has created all sorts of
trouble. He has caused it to leak out
that aside from the \$50,000 contribu-
tion made to the Republican campaign
in 1906 by the New York Life, that
company made an additional contribu-
tion during that campaign amounting
to \$75,000 which made the contribu-
tions of that one company \$125,000
during one campaign. Cornelius N.
Bliss, treasurer of the republican
committee, has denied that he ever
received the \$75,000, and referring to
this denial, the New York World says:
"Men familiar with the documents
evidence in the possession of Hamilton
cannot understand the denial of Cor-
nelius N. Bliss that he ever received
from Hamilton a political contribution
amounting to \$75,000. The \$75,000
was paid to Mr. Bliss by Mr. Hamilton
in the first McKinley-Bryan campaign,
according to Hamilton, it may have
slipped out of the mind of Mr. Bliss.
But Mr. Bliss has not qualified his
denial by saying to the best of his
recollection, but has declared flatfoot-
edly that he never received the money.
A single contribution of \$75,000 is so
exceptional in size that politicians
cannot understand the failure of Mr.
Bliss to remember it. This \$75,000
brings the total of known contributions
by the New York Life up to \$223,000.
The dozen trustees of the company
who agreed last Saturday personally
to reimburse the campaign for its
political contributions, will have to
dig much deeper into their pockets
than they originally counted upon,
and before Judge Hamilton is through
with that subject the final total may
be far in excess of \$223,000."

About Postal Laws.
There has been brought to the at-
tention of the Department recently
a great many cases where first class
or written matter—sometimes in the
form of a letter, sometimes in the way
of mere memorandum or notes has
been enclosed with, or concealed in
mail matter subject to the third or
fourth class rate of postage, in viola-
tion of law. In order that the char-
acter of these offenses may be more
fully understood, the statute relating
to it is here quoted:
"Any person who shall knowingly
conceal or enclose any matter of a
higher class in that of a lower class,
and deposit or cause the same to be
deposited for conveyance by mail at a
less rate than would be charged for
both such higher and lower class
matter, shall for every such offense
be liable to a penalty of ten dollars."
As the Department is resolved to
do all that can properly be done to
put an end to the unlawful practice
adverted to, the following points are
to be noticed:
First, The presence of writing,
whether in the form of a letter or of
a mere memorandum, in a package of
matter subject to a lower rate of post-
age than that chargeable on letters—
the package being paid for at the
lower rate—will be regarded as
prima facie evidence of intentional
concealment.
Second, The penalty imposed by
the law for this offense applies not
only to the persons who may deposit
the matter to be mailed, but also to
those who may cause it to be so de-
posited.
Third, It is held that the post-
office department has no authority to
remit the penalty prescribed by the
statute in any case where the offense
is claimed to have been unintentional.

Attended C. E. Convention.
The meeting of the North Central
district of the Young Peoples Christian
Endeavor was held at Marshfield last
week in the Presbyterian church.
Among those who attended from here
were Rev. Fred Staff, Earl Hill, Will
Damon, Lillian Jorgensen, Edna
Ridgman and Luella Jackson. Rev.
Staff preached the sermon at the
church on Friday evening.
A red squirrel jumped out of a load
of wood on public square this fore-
noon and instantly a dozen men and
boys rushed in a pell-mell, headlong
race after it—but the squirrel got
away. Why is it that the first im-
pulse of most people is to chase after
and try to kill harmless animals of
this kind? Is it "the call of the
wild"—is it one of those undesirable
traits of human nature which dates
back to the time when man was in a
savage state? It certainly looks that
way. —Stevens Point Journal.

Henry Watterson, the veteran news-
paper man, predicts that William
Jennings Bryan will be the next pre-
sident of the United States. He re-
gards Bryan as the strongest leader
the country has to make war on the
encroachments of corporations. It
must be remembered, too, that Watter-
son was a bitter opponent of Bryan
in 1896. Conditions have changed
since then and Watterson now admits
that Bryan was right in the war he
waged against predatory wealth.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.
Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.
Royal is the greatest of bake-day helps.

GRAND RAPIDS, WIS., APRIL 11th, 1906

If we write you busy men and women a personal letter, telling you what perhaps you don't know—that we do a charge business, and that we would be glad to see you on our books as a charge customer—the chances are 3 to 1 that the letter will go unread into the waste paper basket.

If we tell you frankly, openly, here, that we do business on credit and that we want to do business with you in this way, even the busiest of you is sure to see it some time.

We don't accept payments on the installment plan—of course not—accounts are payable monthly.

We don't grant credit to those not entitled to credit—of course not.

If you apply for credit we're going to investigate whether you're worthy of credit—of course.

But you, and you, and you who are entitled to credit, and to whom sometimes it would be a convenience, we want YOU to know that we do a credit business.

Wouldn't it be a convenience sometimes to have goods charged rather than sent C. O. D., risking their arrival just when you're at dinner, or some equally inconvenient moment?

If you have accounts elsewhere that report you good, or if your friends who are good say you're good, we will be very glad to see your name on our books.

We're always glad to open an account with responsible out of town friends.

Saves trouble with the express companies.

Gives you more time to make up your mind that our mail order department has spared neither time nor trouble in filling your order.

We ask of you just what we ask of our friends in the City—the usual references.

It's all right to be enthusiastic but keep away from superlatives in your advertising. Their use is not justified by facts one time in a hundred and the public knows this as well as you do. Don't make any statements that can't be proved without argument.

A. Nieman & Son was sold last week
to Max Steinhilber, the east side second
hand man. The sale was made on ac-
count of the continued sickness of the
younger Mr. Nieman, who is confined
to his home with a severe attack of
erysipelas, and during the past week
has been very sick.
Nels Seward and Frank Hubbard
have accepted the positions of head
sawyer and filler in the mill of the
Grand Rapids Lumber company. Both
men are from Merrill. Dick Harvey,
who has held the position of filler
with the concern for several years
past, has resigned his position and ex-
pects to leave about the middle of this
month for Phillips, where he has ac-
cepted a position with a lumber com-
pany.
Peter Dietrich, who is putting in
the dam for the new paper mill at
Waukegan, arrived in the city last
week to visit his people here for a few
days. He reports that the work is
progressing nicely at that point, and
that a few months more of work will
put it in good shape. He states that
the ice went out of the Mississippi on
Wednesday last, and that the whole
thing was a lot less a gap in the dam
10 feet wide without any mishap.
He also visited at Stevens Point,
where they are having trouble with
their dam, a section of 150 feet in
length having washed out.

M. O. Potter, who is spending most
of his time on the marsh nowadays,
was in the city the fore part of the
week, having come in to procure a
quantity of lumber for bulkheads and
dams. He states that considerable
damage has been done by the high
water, and that at the present time it
is very hard to do anything on account
of the frost in the ground. The con-
tinued rain of the past few days does
not make the outlook very encourag-
ing for the crabbery men who hoped
to get some of their spring work done.
Through the efforts of two W. C. T.
U. and some other friends of temper-
ance, Hon. Oliver W. Stewart of
Chicago, will speak in the Methodist
church next Friday at 1:45 p. m.
Mr. Stewart ranks among the first of
living orators in our land. He is
speaking to large audiences of all
classes of people almost every day and
never fails to please and help. It is
a great treat for any thoughtful per-
son to hear him. Don't fail to take
advantage of this opportunity. The
lecture will be free, but an offering
will be taken.

Did you ever feel so confounded
blue that you couldn't tell whether
you were a piece of clear sky or the
remains of an indigo bag? When
the crow of a rooster seems to split
your temple of thought and there
would be a liquefied feeling chasing
up and down your spinal column?
Did you ever think you'd feel better
if your nose would turn into a turri-
cane instead of a steady blow? Have
you ever felt that everything you
looked at was a piece of chaff and
you wanted to sneeze at it? Have
you ever felt as though your whole
carcass wasn't worth thirty cents for
junk? Lastly did you ever feel as
though you had been run over by an
automobile or been snubbed? Any
one of these is a symptom of la grippe
and if you get them all at once you
had better send for a doctor or an
undertaker.—Marshfield News.

Ducks Will Not be Molested.

There will be no spring duck shoot-
ing this year as there was last. The
game laws of this state for 1906 state
that there will be no open season
anywhere from September 1 to Janu-
ary 1. Therefore the spring duck
shooting will have to be omitted from
the diary of the hunter.

This will not affect the real sports-
man as he claims that while he likes
to hunt as well as anyone, he also
looks for the preservation of the birds.
That they are not in a fit condition
for eating is well known, so otherwise
than the fun derived from the shoot-
ing, there is nothing to the game.

Money Orders.
—There seems to be an impression
among many people that when they
wish to send away a small amount of
money, it is necessary to buy a post
office or express money order, and for
this reason the First National Bank
of this city is giving special attention
to the bank money order business.
Bank money orders are cheaper, more
convenient and better in many ways
than either post office or express
orders.
A post office order for \$100 costs 30
cents, while a bank money order for
the same amount costs only 10 cents,
and smaller orders in proportion.
The bank does not require an applica-
tion when buying an order and does
not limit the number of times the
order can be transferred from one per-
son to another, while the post office
order can be transferred but once.
The bank money order is good at
any bank or business house in the
world, while a post office order is
good only at the office on which drawn
and then it often occurs that the
proper advice has not been received or
there is not enough money in the
office to cash the order and it has to
be held for several days.
If a bank money order is lost a
duplicate can be had without cost or
delay, and without any of the "red
tape" necessary in the case of a post
office or express order. The First
National Bank sells orders for small
amounts as well as large, many of
them being for sums under one dollar.

Andrew Hamilton, the insurance
lobbyist, has created all sorts of
trouble. He has caused it to be said
that aside from the \$25,000 contribu-
tion made to the Republican campaign
in 1904 by the New York Life, that
company made an additional contribu-
tion during that campaign amounting
to \$75,000 which made the contribu-
tions of that company \$100,000
during one campaign. Cornelius N.
Bliss, treasurer of the republican
committee, has denied that he ever
received the \$75,000, and referring to
this denial, the New York World says:
"Men familiar with the documentary
evidence in the possession of Hamilton
cannot understand the denial of Cor-
nelius N. Bliss that he ever received
from Hamilton a political contribution
amounting to \$75,000. The \$75,000
was paid to Mr. Bliss by Mr. Hamilton
in the first McKinley-Bryan campaign,
according to Hamilton's friends. As
this was ten years ago, it may have
slipped out of the mind of Mr. Bliss.
But Mr. Bliss has not qualified his
denials by saying to the best of his
recollection, but has declared flatfoot-
edly that he never received the money.
A single contribution of \$75,000 is an
exceptional one, in size that politicians
cannot understand the failure of Mr.
Bliss to remember it. This \$75,000
brings the total of known contributions
by the New York Life up to \$225,000.
The down trustees of the company
who agreed last Saturday personally
to reimburse the campaign for its
political contributions, will have to
dig much deeper into their pockets
than they originally counted upon,
and before Judge Hamilton is through
with that subject the final total may
be far in excess of \$225,000."

GRAND RAPIDS, WIS., APRIL 11th, 1906

If we write you busy men and women a personal letter, telling you what perhaps you don't know—that we do a charge business, and that we would be glad to see you on our books as a charge customer—the chances are 3 to 1 that the letter will go unread into the waste paper basket.

If we tell you frankly, openly, here, that we do business on credit and that we want to do business with you in this way, even the busiest of you are sure to see it some time.

We don't accept payments on the installment plan—of course not—accounts are payable monthly.

We don't grant credit to those not entitled to credit—of course not.

If you apply for credit we're going to investigate whether you're worthy of credit—of course.

But you, and you, and you who are entitled to credit, and to whom sometimes it would be a convenience, we want YOU to know that we do a credit business.

Wouldn't it be a convenience sometimes to have goods charged rather than sent C. O. D., risking their arrival just when you're at dinner, or some equally inconvenient moment?

If you have accounts elsewhere that report you good, or if your friends who are good say you're good, we will be very glad to see your name on our books.

We're always glad to open an account with responsible out of town friends.

Saves trouble with the express companies.

Gives you more time to make up your mind that our mail order department has spared neither time nor trouble in filling your order.

We ask of you just what we ask of our friends in the City—the usual references.

It's all right to be enthusiastic but keep away from superlatives in your advertising. Their use is not justified by facts one time in a hundred and the public knows this as well as you do. Don't make any statements that can't be proved without argument.

EXCEPT—House Furnishings, Sewing Machines, Lace Curtains, Carpets, Stoves, Machinery, etc., sold on the installment plan.

RESPECTFULLY YOURS,

Johnson & Hill Co.

Home Made

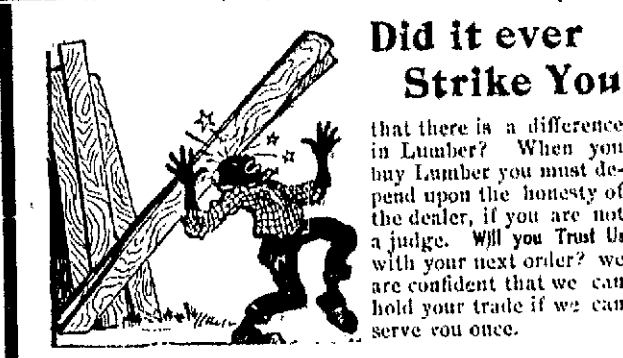

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome. Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare. Royal is the greatest of bake-day helps.

Has Studied Easter Customs in All Parts of the World

Miss Helen Mathews Laddlaw of St. Louis has seen Easter day celebrated in more than 100 different countries, perhaps, than any person on earth. In eighteen countries she has spent Easter, nineteen in England and Scotland and considered different countries.

To reassure those who may get an incorrect idea in regard to Miss Laddlaw's age it should be stated that she is but 31 years old, for she began her life of travel with her father, a writer and student since he retired from the ministry, before she was 12 years of age, and since then has visited practically every country on the earth.

Her Easter experiences, written at her father's request, to be read before a church organization, furnish a valuable addition to the history of that strange, part pagan, part Christian, part Jewish holiday.

What Easter means to Christians everywhere understands, but that the tribes of the earth, many of whom know little of Christianity, and more that oppose Christian teachings, celebrate the day is not so well known. The early Celts, the Egyptians, the Persians, the Turks, the early Aryans, celebrated the day, and it received its name from Eostre, goddess of the dawn, the celebration being in honor of the dawn of spring.

The Aryan celebrated by singing, during the stately mass, while the immense choir filled the cathedral with inspiring music. Later the pope was borne in his chair of state to the balcony, and, rising, blessed the immense crowds, gave benediction, and indulgences.

In 1891 I was in Germany, and joined in the quaint games at Hamburg. The gifts of eggs, which the white hare is supposed to have brought during the night, begin early. At dawn the bells, which have been silent during passion week, break forth and ring wildly all day. The peasants say that the hells have gone to Rome during passion week and returned with a message from the pope for Easter. The early hunt eggs are given everywhere, and none is refused. Every one must wear something new on Easter day for good luck, signifying that the beginning of Easter will mean many new things during the year.

"My Easter in Russia was spent away in the south, because father was busy there with some investigations, and there, as among the Hungarians, I saw the queer custom of Easter used for proposals of marriage. Over the door of every house in which an unmarried girl lived her admirer placed a green twig. Then, approaching the door he knocked. The father responded, 'My endowment of Peruna is based on its merits.'"

"For more than 15 years," he says, "I was afflicted with stomach trouble, indigestion, indigestion, gas forming in stomach and bowels and giving me great distress. These conditions were undoubtedly due to the starch food I ate, white bread, potatoes, etc., and didn't digest. I grew worse with time, till, 2 years ago, I had an attack which the doctor diagnosed as appendicitis. When the surgeon operated on me, however, it was found that my trouble was ulcer of the pancreas, instead of appendicitis as he thought."

"Since that time I have had several such attacks, suffering death, almost. The last attack was about 3 months ago, and I endured untold agonies."

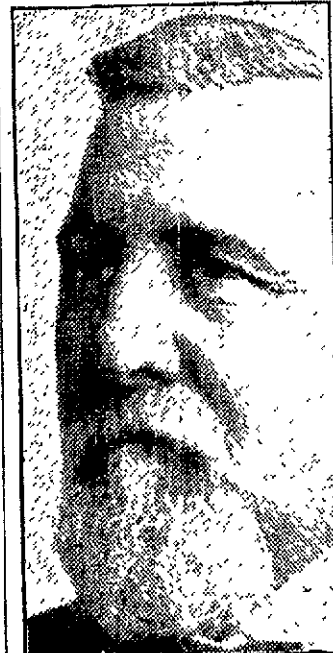

"The doctor then said that I would have to eat less starch stuff, so I began the use of Grape-Nuts food for I knew it to be pre-digested, and have continued same with most gratifying results. It has built me up wonderfully. I gained 10 pounds in the first 8 weeks that I used Grape-Nuts, my general health is better than ever before, my brain is clearer and my nerves stronger."

"For breakfast and dinner, each, I take 4 teaspoonfuls of Grape-Nuts with cream, a small slice of dry toast, an egg soft boiled and a cup of Postum; and I make the evening meal on Grape-Nuts and cream alone—this gives me a good night's rest and I am well again."

Set a Herd of Cattle Afire.

A few days ago two cowboys on the Matador ranch near Channing were dipping cattle in oil. They found one unbranded steer and after dipping it branded it.

The heat of the branding iron set fire to the back of the animal, which was soaked with oil, and it immediately dashed into a bunch of steers which had been dipped in the same fluid a few minutes before, setting them afire, from which forty died.

Strangers Pledge.

London pawnbrokers are frequently asked to take strange things in pawn. The other day a Hobson pawnbroker took a fine horse, which one of his daughters rode until it was redeemed. The same pawnbroker came took in pledge a medical chest of poisons that was strong enough to kill 10,000 men. It was, however, a valuable deposit, as some of the poisons were very rare. A Kensington pawnbroker about three weeks ago lent a sum of money on a number of autographs of dead celebrities.

John Alexander Dowie Loses Hold on Hearts of People

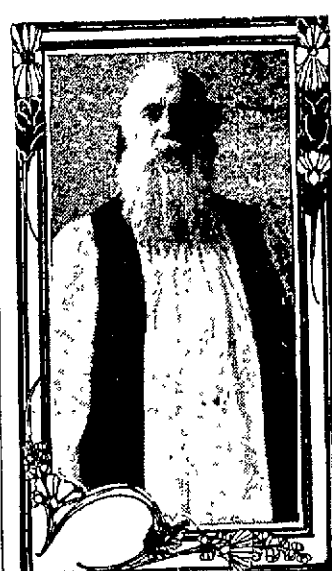

CAREER OF JOHN ALEXANDER DOWIE IN AMERICA.

1883. Lands at San Francisco with \$100 in his pocket.

1890. Arrives in Chicago and begins preaching in the streets.

1892. Established a divine healing mission.

1894. Opens headquarters and establishes

a bank and newspaper.

1899. Inaugurates metropolitan crusade, preaching nightly in different parts of the city. Mobbed by hoodlums.

1900. Purchases site of Zion City and conducts crusade in England, etc.

1901. Starts factories at Zion city. Declares himself to be Elijah III, of the Old Testament.

1902. Negotiates for Mexican plantation and Texas land for colonization purposes. Refused credit by Chicago merchants. Ordered to refund \$50,000 to Frederick Sutton of New Zealand, who had invested in Zion.

1903. Receives large contributions and tithes from his people in the famous collection barrel. Lends the Zion Restoration host of 3,000 workers in eight special trains on a religious visitation to New York. Creditors press claims

against him.

1904. Dowie's personal estate amounts in value to less than \$5,000. He said neither he nor his mother had any thought of the financial benefits they have taken in the fight for independence and throwing off the "First Apostles' yoke."

"As for my father," said Gladstone Dowie, "the story that he has any money in West Africa or in Mexico has no foundation. He is peacefully penniless, as has been stated."

"Thomas Graham Wilson, who claimed to have title to a tract of twenty miles square in West Africa, but it was on condition that he would have 25 per cent of the profits arising from its development. There has been no development, and there is nothing certain about Wilson's title."

"It consists of tribal lands, and except for his mahogany forests possesses little or no value."

Made a Telling Point.

Flax is in Demand.

There is a great demand for flax all over the world and a great effort is being made to induce Americans to cultivate it.

present, this action was taken after more than five hours of the most severe arrangement of the first apostle.

At its close the prophet was withdrawn by his wife, Gladstone Dowie, and her son Gladstone, joined the ranks of those opposing the founder of the faith.

The step came as the climax of the efforts of Deputy General Overseer Wilbur Glenn Voliva, who was called to Zion to take charge of affairs when a stroke of paralysis forced the leader to leave his people and go south.

Reputation of John Alexander Dowie also came from the two men in Zion City when he had demanded to assist in his deposing Deputy General Overseer Wilbur Glenn Voliva.

Deacon V. V. Barnes, Dowie's general counsel, sent him a telegram refusing to act on his instructions to cancel Voliva's power of attorney and install Gladstone Dowie.

The messenger further contained a threat that the administrative body of the church had documentary evidence of Dowie's mismanagement.

This evidence relates to charges against Dowie's character and to the alleged misappropriation of more than \$100,000 entrusted to him to invest in the lace works and other Zion City institutions.

Dowie's arrest in connection with the charge has been threatened.

Deacon Whitto sent Dowie a telegram declining to accept his power of attorney.

Deacon Barnes in an interview said: "Dowie now is suspended from Zion. Suspension does not mean removal. It does not mean that judgment has been pronounced. In order that this might be made to the community, First Apostles might have no legal right to remove those who are disbelievers from Zion's creditors. How to Save Fuel

Briefly—buy a Cole's Hot Blast Coal Stove

It cuts the fuel bill in two because it burns the gas arising from burning coal. Gas goes via the chimney in other stoves. Cole's Hot Blast really makes \$3.00 soft coal work like \$9 hard coal. Come in and see that smokeless, fuel door. Goes away with dust, dirt and smoke in the house.

OUR CUTLERY has a great reputation in this neighborhood because while our prices are cheap, the goods are not.

AMONG CRANBERRY MEN.

EDITED BY W. H. FITCH.

[All communications, and all exchanges relating to this department should be sent to Cranberry Men, Wood County, Wis.]

An Important Meeting.

The Wisconsin Cranberry Sales Company having become an incorporated fact, the first general meeting will be held on Wednesday, April 18, at 9 o'clock a. m. sharp, at the office of Hon. John A. Gaynor, Grand Rapids, Wis.

Each and every cranberry grower of the state is cordially invited to attend, an opportunity thus being offered for becoming a charter member, and having the privilege of voting on all matters, including the by-laws under which the company will be governed. Another advantage will be the "one man one vote" plan, and for the first year, at least, the small growers will have the same voice as the larger ones.

Also it is said 75 per cent of the total output has already been pledged to membership, practical assurance, it is believed, would be still better, and an appeal is made to those in harmony with the plan to so voice and voice their objections that only the wisest counsel and best judgment will prevail.

Favor National Apple Day.

Newburyport, Mass., March 28.—The Massachusetts Fruit Growers' Association, at its last meeting, declared in favor of a movement to have the third Tuesday in October each year observed as National Apple Day.

From the respective poetic and prose standpoints of Sentiment and Continuity the writer has urged on account of its uniquely provincial nature 'as the American cranberry should be the national fruit of the United States' and that Thanksgiving Day would be an appropriate occasion for especially emphasizing its great virtue and value.

Might it not also be well to invite as partner or participant our national fowl the turkey—the two being so intimately associated on festive gatherings. It is therefore up to those in attendance at the next August convention to see to it that as a part of thankfulness, the conditions of continuity and borry of benevolence does not go without loyal and loving champions for its due place and prestige.

Massachusetts Co-operation.

(Wareham, Mass., Corrie.)—William Marsh secretary of the Cape Cod Cranberry Growers' Association, has received the following letter from the Labor Bureau and because of its encouraging contents is submitted for publication:

Commonwealth of Massachusetts, Bureau of Statistics of Labor, State House, Boston, Mass., Dec. 26, 1902. William W. Marsh, Sec. C. C. C. G. Ass'n., Wareham, Mass.

Sir:—I desire to acknowledge with thanks the receipt of your favor of December 19, containing a copy of the resolutions passed by the executive committee of the Cape Cod Cranberry Growers' Association of which you are the secretary.

A copy of the resolutions has been submitted to C. O. L. Moore in charge of the division of Agriculture in this department.

This department will endeavor to make the most complete and satisfactory report of the industry in which you are interested that has ever been prepared, and in this work I know that we can count upon your cordial co-operation.

Yours respectfully,
Chas. F. Pidgeon, Chief of Bureau.

Personal.

The card of H. O. Kreschko of Post, will be found in this issue of the Journal. Mr. Kreschko is an expert in the cranberry business—both as a grower and buyer. He put in nearly ten years on the Berlin marshes and eighteen years on the marshes of Juneau county. Two years he was president of the Wisconsin Cranberry Growers association and is known to all Wisconsin cranberry growers. He has also had charge of the Waterman marsh near Cumberland. Burnett county has many excellent sites for cultivated cranberry marshes, and if some of them were developed and brought into bearing they would add much to the revenues of the county. Many of the marshes can be brought under subjection at small cost and Mr. Kreschko can show pretty close in figuring as to what cost will be. —Journal of Burnett County, Wis.

For Cranberry Bulletin.

The cranberry growers of Wisconsin want the federal government to recognize that industry. They have organized negotiations with the department of agriculture with a view to having the cranberry crop reported every year by the government crop reporting service. Representative Brown has been in correspondence with John A. Gaynor of the cranberry growers' association of Wood county. He writes that statistics should be prepared showing the area of cranberries under cultivation and the output each year. This would enable growers to regulate the prices and would work to the advantage of the consumer. Mr. Brown has placed the matter before Secretary of Agriculture Wilson, who is in favor of making crop reports on cranberries. An appropriation for the purpose probably will be necessary. —Farmer's Sentinel.

Injury Reported.

The Falmsworth Enterprise says that a prominent cranberry grower states the recent storms have very seriously damaged the cranberry crop for the coming season. The flooded bogs are all right, but the dry ones are badly damaged.

As the Cape Cod district produces over fifty (50) per cent of the total output, the significance of above item is important and further reports regarding extent of untoward conditions will be watched with interest, especially in view of the phenomenal shortage the past season.

Beasts of Prey on Reserve Ranges.

Wolves and mountain lions are giving the stockmen a good deal of trouble on the ranges in several of the National forest reserves. Vigorous complaints have been made to the Forest Service of the loss of cattle and sheep, particularly cattle, from this cause. Protection is sought by the stockmen, and the Forest Service, which collects a fee for the grazing permits, has promptly assumed the task of finding and putting into effect practical measures to aid the cattle owners in exterminating the destructive animals.

Among the proposals which these conditions have called forth are that a bounty be offered for the animals' destruction.

Last spring the government appointed John Gott, the skillful hunter who acted as guide to the president during his hunting trip a year ago, as Forest Ranger, and set him to hunting "lice" in the Shoshone Division of the Yellowstone reserve, in Montana. Now that the appeal from the stockmen on other reserves is so vigorous, especially for the extermination of the wolves, the Service has just sent an expert into the field to study the wolf problem. The man selected for this work is recognized authority on the game and other wild animals of the country. Mr. Varian, Chief Field Naturalist of the Biological Survey, from which he has been temporarily transferred in order to assume his services for this important project.

The animals which are causing so much trouble to stockmen are common in their native habitat, but are little known to Easterners who have not hunted them. The wolf is known in the west as the "timber" wolf. Though not large, it is powerful and quiet. Not only does it kill calves and yearlings with ease, but it attacks and overcomes full-grown cattle. When after this larger prey it does not go for the throat, as so many beasts do, but fastens its teeth in the muscles of the leg, hamstringing its victim, which falls helplessly. But little of the capture is usually observed by the victim. The "lion" is of the size of the cougar, and is a large and powerful beast, capable of playing havoc among the cattle.

The wolves and lions are not classed in the west as game animals, but are regarded as pests and are commonly termed "varmints." Wherever they are plentiful a bounty is offered to encourage their extermination. Despite this, they are still sufficiently numerous to work much harm, and it is said that in some localities they are on the increase.

It is particularly notable that there has been so much complaint from the stockmen in the recent past, which the president has set aside as a game refuge. The wolves and cougars are the enemies of other wild animals, and the sportsman, who desires to preserve American sports and to preserve American game, can be expected to aid in the work of hunting them down.

In any case, however, the lion and the wolf must be driven from the ranges, interests larger and more substantial than those of the sportsman and trapper demand it. The great live-stock industry, which the Forest Service has pledged itself to encourage in all legitimate directions, has had to pay heavy costs in the loss of cattle, young and full grown. That those holding permits may be assured the full enjoyment of their privilege unimpeded, every effort will be made by the government to exterminate the stockmen in protecting herds grazing on the reserves from attack.

The Price of Wild Animals.

People sometimes wonder at the immense price paid upon wild animals. The jungles of India and the wilds of Africa are full of wild animals, they argue. It is only necessary to trap them and bring them home. Why, then, should a giraffe cost \$10,000 and a rhinoceros \$15,000 or more? Most of the wild animals on exhibition the world over come from Africa, and are trapped behind the Zambezi, which means a tedious journey of two thousand miles before a start is made. The man in charge of a trapping expedition must be experienced, must know the country, the language, and something of a doctor in the bargain. He takes fearful risks, especially from fever, and must be provisionally equipped with everything that is necessary for his trip. He employs two African trappers, who get \$75.00 a week the year round, and all expenses. The latter are enormous.

Native carriers must be hired by the score. They know their way and insist on proportionate pay. Each carries sixty pounds and the charge on such a load, merely from the coast to the great lakes, is 50 to 75 cents a pound. Big quantities of stores are a necessity, for not only guns, ammunition, traps, tinmed goods, groceries, portable beds and medical comforts be taken, but a large amount of cloth, moccasins and beads to pay the natives for fresh supplies and information. That terrible insect, the tsetse fly is another indirect expense to the African traveler. The creature whose bite is fatal to horses, mules and oxen, makes human transportation the only means of getting goods up to the interior. The two most difficult of all wild creatures to capture and get to the coast are the giraffe and zebra. The latter can only be caught in high, barren hills, and with the utmost difficulty, because of slyness, while the giraffe is practically impossible.
